Mr. [REDACTED] of the Management Staff has requested a copy of the IG Report in connection with his analysis of the training problems of [REDACTED]. He advised this Staff that he expects to complete the initial phase of his report and deliver it to the Chief, Management Staff by 8 August.

CSPB Support Committee

Two meetings were held during this period by the Chairman, CSPB Support Committee at which the Committee recommendations to the CSPB were firmed up and presented. The Office of Training, together with TSS, represented a minority of the Support Committee in challenging the competence of the Chiefs of the Administrative Staffs of DD/P Divisions to determine whether or not support annexes were required for any given country appendix. It should be explained that TSS and OTR were a minority only in a technical sense, since the Chairman did not refer the revisions recommended by OTR and TSS to the remainder of the Committee. The Chairman chose to meet with the Committee in groups of two or three in order to expedite action on the paper for presentation to the CSPB. This subject will be reported on separately in detail.

Space Requirements

DD/I and DD/P support were obtained for the Office of Training proposal to establish a multi-purpose Agency orientation and exhibits center as an integral part of the new CIA building. The OTR proposal was presented to the sub-committee on space on 3 August with copies to the DD/S requesting his support as Chairman of the Steering Committee on Building Requirements.

ORR Briefing for OTR Personnel

By arrangements with the Special Assistant to the AD/RR a special briefing for OTR personnel will be presented on 10 August 1955. ~~Fourteen~~ personnel of the OTR have been designated to attend. There will be no representation at the briefing from the Operations School or the Assessment & Evaluation Staff.
